

## My Passion is Education

Wanda Emde and her late husband Billy Wayne always had a place in their hearts for students seeking higher education. That's why Wanda established an endowment at ARCF's White County Community Foundation to benefit the Single Parent Scholarship Fund of White County. Last year single dad Darren Amundson became the first recipient of the Emde Scholarship. Support from the Emde Endowment helps keep Darren's household running so he can focus on his education.

### What's Yours?

Whatever your passion, Arkansas Community Foundation can help you achieve your charitable goals by creating a permanent legacy for the causes you care about.
